# Sale of Shorthorns

Our experience during the 66 years we have been breeding Shorthorns has taught us to breed a class of cattle that have the ability to develop and thrive under normal conditions, cattle that can work improvement in the commercial herds over the country as well as on purebreds.

This requires cattle that have a natural flesh covering, with thickness and depth of body. Such cattle can consume and make good gains on our grasses and rough feeds, and these are the kind that make the best gains in the feed lot when they go in for the finish. We have tried to produce this class of cattle for our customer and they seem to give satisfaction.

We are especially proud of the twenty bulls we are offering in this sale. They are the tops from our years production, sired by Gregg Farms Commander, Upright's Royal Prince, a grand-son of Pittodrie Upright, Imported Moy Bounty and other great sires.

In addition to these we have secured six bulls from Anoka Farms, thinking it would offer an opportunity for some of our customers to add some new blood. One of these is an imported two year old, sired by the great sire Calrossie Good News. Three are by the International Grand Champion, Scotsdale Bombardier, and two from Royal Leader sires.

The females are from good blood lines and are the close to profit kinds. Ten have large calves at foot and are re-bred to our herd bulls. Five others are well along in calf to them and a few good heifers make up the offering in registered cattle.

\*\*\*\*\*

You will be pleased with the 200 commercial females in the sale. They show choice breeding and are bred to outstanding bulls. Anyone wishing to establish a high class commercial herd will find the sort they are looking for in this offering.

The 100 club steer calves are a uniform lot, many of which can fit into outstanding show steers as well as top calves for the feed lot.

\*\*\*\*\*

All we Tomsons sincerely hope you can be with us on September 26th, as our guests. The cattle will be good and no doubt there will be many bargains in the sale that will enable you to make profitable investments.

Sincerely,

Tomson Bros.

GREGG FARMS COMMANDER - Has proven to be a valuable sire in our herd. His calves have consistantly sold at the top in the Kansas State Shorthorn Breeders Sales, and Mid-Kansas Sales, held at Hutchinson and Salina during the past two years. A number of his sons are now in service in select herds in various states. The bulls by him in this sale will interest you. His masculine head, level lines, thick smooth flesh covering and depth of body will appeal to breeders.

**P F FORTUNE** - Is a very deep-bodied, smooth, short-legged bull by the great breeding sire, Phopachy Fortune, by Kirkton Baronet. He is out of a cow by imported Iceni Commodore that was second in class at the Iowa State Fair. P F Fortune was Grand Champion bull at the 1952 All Iowa Fair. A number of cows in this sale carry his service.

5 d (88108) Calrossie Princess Mona

**CRUGGLETON PENTLAND FIRTH** - Has proved an outstanding breeder, and six calves by him averaged 1066 guineas in 1951. At Perth in February, 1952, his average went up to £2467 10/-, with a top price of 4100 guineas. Another of his sons, Beaufort Bulldozer, was sold privately in the autumn for £5000. Now in service at Edellyn Farms.

**CLUNY VICTOR** - Was shipped by the Scottish Cattle Company to Senor Martinez de Hoz, and was sire of the supreme champion at Palermo in 1950, and was himself a 2d prize winner at Perth.

**PRINCESS PAMELA** won 1st prize at the Royal Show at York. She also won at the Royal Highland Show at Inverness, besides many other local events in Scotland. Her bull calf, Beaufort Breakwater (also by Cruggleton Pentland Firth), was sold privately to Mrs. Leishman of Australia for £1500.

Above we are introducing the young bull we purchased in the Perth sale. He has just arrived at our Farm after spending 60 days in quarantine in Ireland, and 30 days in U.S. quarantine in New Jersey, plus the travel by ship, train and truck, so has had a busy season. We are hopeful that he is going to accomplish a lot for us and hope to have him here for your inspection on sale day. His good masculine head, and level lines, combined with the wonderful line of ancestry mentioned above lead us to believe he will become a valuable sire for us.

IMP. SALTOUN LORD MARMION - A rich dark red roan son of the noted Perth prize winning sire, Calrossie Good News. Exceptionally smooth and out of one of the good producing cows at Saltoun who is a granddaughter of the noted Cruggleton Perfect. Another son of this cow is in service in the Brown-Forman herd in Kentucky where he was acquired at one of the top prices at the 1951 Mathers Sale. Here is an imported bull with great rugged fleshing and scale.

## SCOTSDALE BOMBARDIER

Outstanding International Grand Champion bull of 1948 where he was purchased for service at Anoka Farms. Remarkably thick-fleshed and well balanced. He is the sire of Lots 4, 2 and 3 in this sale bringing rich new blood for Kansas herds.

LORD BOUNTY - A rich dark roan, with smooth flesh covering. His sire, imported Moy Bounty, is making a good record as a sire.

## PITTODRIE UPRIGHT

The \$63,000 imported bull is the grandsire of Upright's Royal Prince. He is the sire of six of the bulls we have cataloged. When you see them we think you will agree with us that he is proving to be an outstanding sire. We sold him to V.E. DeGeer & Son of Lake City, Kansas, where he is siring an excellent lot of low-set, thick calves with natural substance and ample bone.

**TOMSON BROS.**

**ROYAL CONQUEROR 2727-879 LE-T 404**

ARABELLA - A grand-daughter of Maxwalton Harvester from the Augusta family. Bred to P F Fortune January 7th.

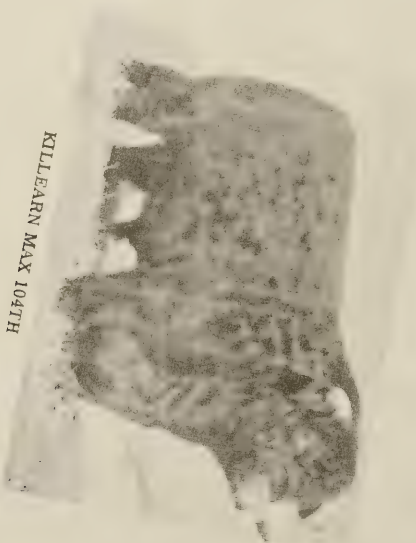

PROUD MARKSMAN

MAXWALTON HARVESTER

KILLEARN MAX 104TH

Most of the females we have cataloged are close descendants of the three great sires pictured above. Proud Marksman, Maxwellton Harvester and Kilearn Max 104th. They are from choice families and are regular producing cows. Ten have large calves at foot and are re-bred. Several of the others are close to calving dates. They are in good working condition and will easily become adapted to their new homes when handled under normal conditions.

## ABOUT THE CATTLE

The commercial cattle we offer are a high quality group, not just a few good ones, but every one good. They are directly from or descended from females we have purchased from the Henry J. Brown and Sons Ranch, Folsom, New Mexico. Carefully selected registered bulls have been used by the Browns for the past 65 years. The advantage of good ancestry is very evident in this offering.

100 - Top steer calves, real prospects for calf club projects. Will be vaccinated for Shipping Fever and Black Leg. Weaned, started on feed and ready to really gain for you.

50 - Foundation quality heifer calves, ideal for the start of a top commercial herd. Will be vaccinated for Shipping Fever, Black Leg and official Calfhood Bangs.

100 - Foundation quality bred yearling heifers will start to calve in February. Bred to outstanding sons of Gregg Farms Commander. Officially Calfhood Vaccinated for Bangs. Here is the chance to quickly get in the business of producing club calves or market topping steers.

50 - Three year old cows, bred to outstanding bulls from the N. D. Latimer & Sons herd, Bowden, Alberta, Canada. These bulls are sired by Monarch's Beau U A and are half brothers to several champion steers shown by the Latimers at Canadian shows. Monarch's Beau U A, sire, Killearn Monarch 7th is the bull that sired so many winning steers for the University of Alberta. These cows will start calving in November. All of these cows were Calfhood Vaccinated and are in excellent condition. We think you will agree that they are outstanding.

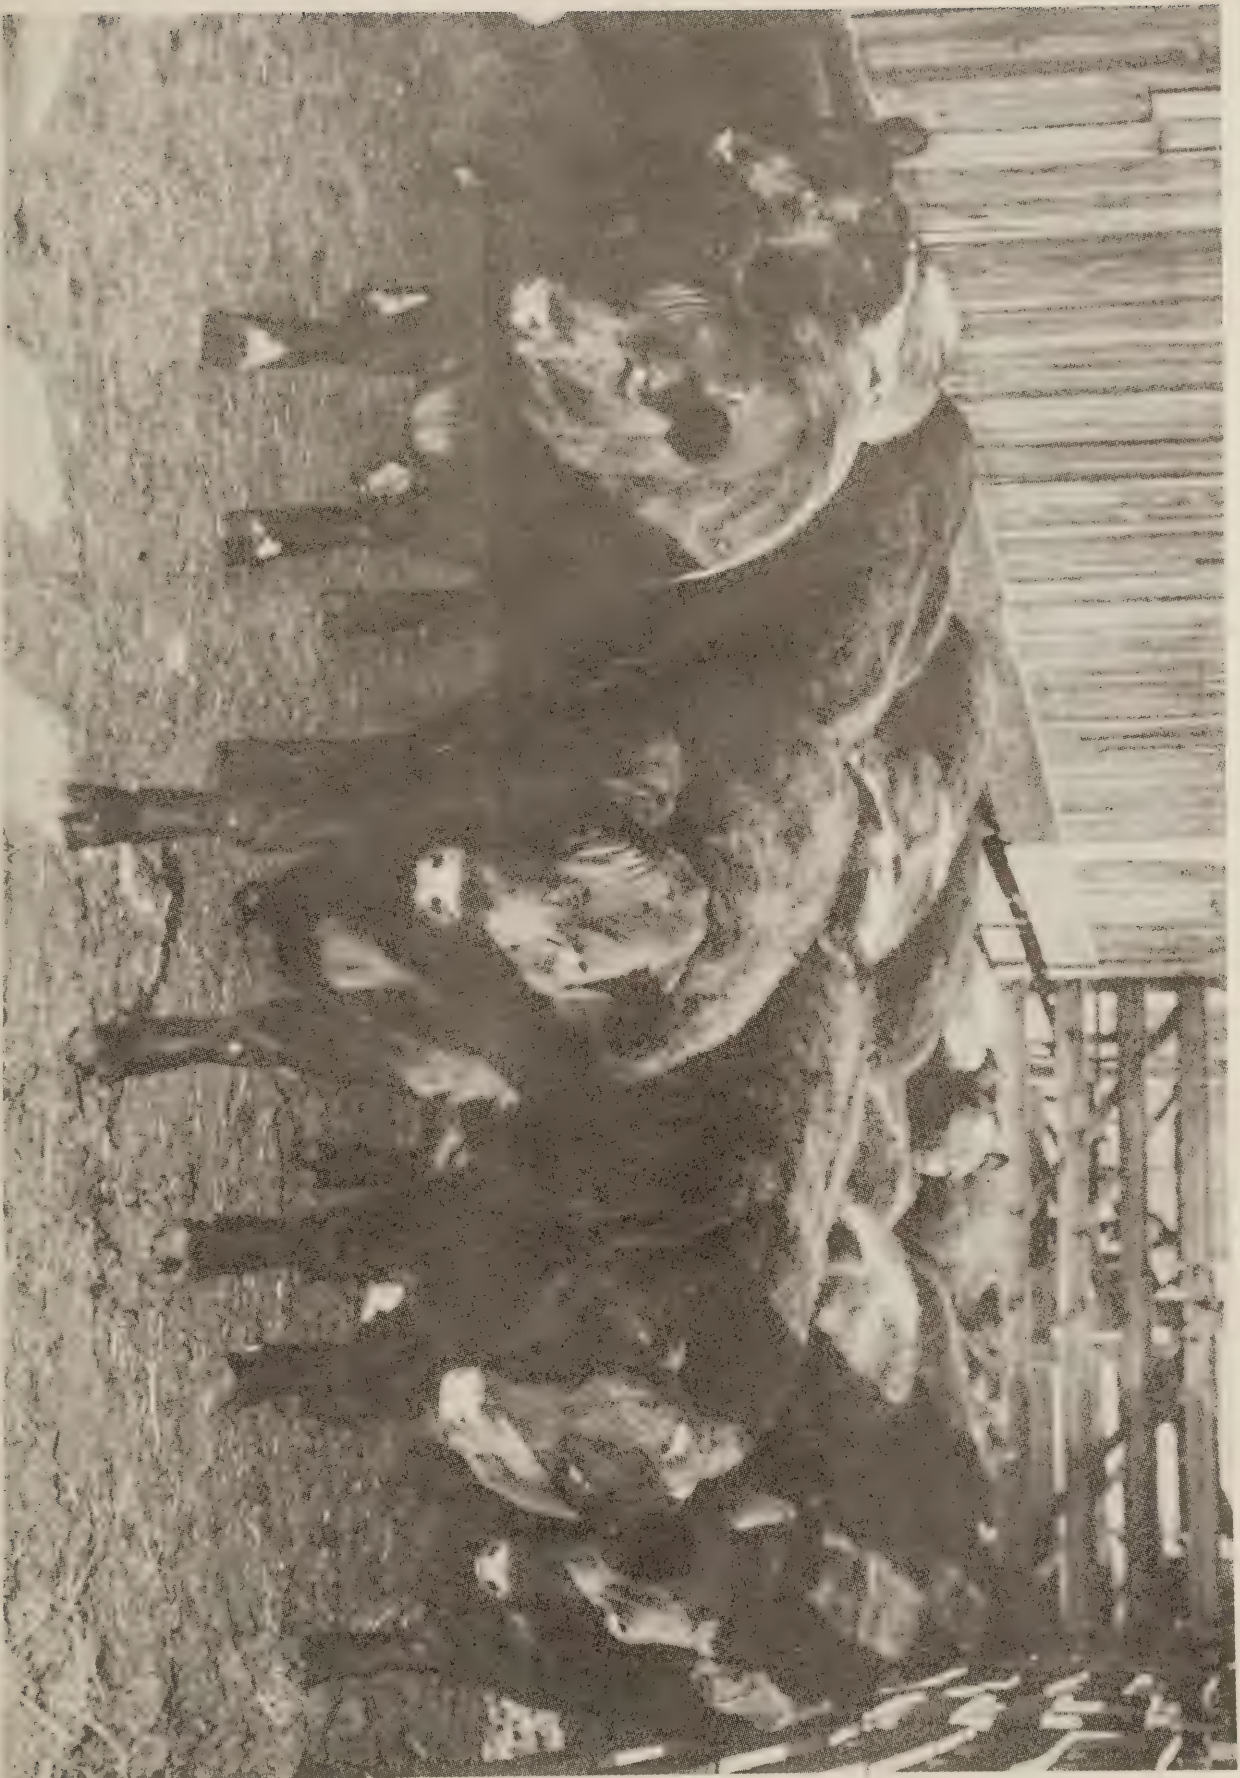

This group of steers from the Brown Ranch, which we sold to the Purina Co. for experimental feeding, are brothers to the club calves in this sale.

# Sale of Shorthorns

The steers in this picture were bred by Henry Brown, Folsom, New Mexico and is the same breeding that will be featured in the commercial sale of this sale.

J. G. Tomson, Jr. inspects a field of commercial white hybrid, produced from one of the outstanding Tomson Hybrid white varieties.

The tremendous increase in Tomson Hybrid sales in the Southwestern corn growing area over the past 15 years is the best testimonial to our policy of endless research, careful selection, sound development, expert detasseling, and rigid standards of production employed in the production of our hybrid seed corn. During the past 4 years alone, our seed corn sales have increased 100%.

Tomson Hybrids are grown in Kansas from inbreds basically developed from native open pollinated corn - insuring true adaptability to the Southwestern corn growing conditions.

The best adapted seed stock, plus local hybrid production, plus the know-how of many years of hybrid seed corn production with the most modern machinery and expert supervision available, add up to the very best hybrid seed corn for this area - Tomson Hybrids.
